To,

The Head of Department
Department of CSE
Atria Institute of Technology
Bengaluru

Subject: Request for approval to conduct a Student-led Cyber Security Bootcamp.

Respected Ma'am,

We, the Cyber Security Club members **trained under the CySecK Finishing School Program at IISc**, request your approval to conduct a **2-week Cyber Security Bootcamp from 17th Nov 2025 to 28th Nov 2025**. The bootcamp will include hands-on training in Networking, OSI model, IT assets, Pen-testing fundamentals, Malware analysis, SOC & SIEM tools, Career Roadmaps in Cyber Security and Capture-the-Flag challenges. Sessions will be handled entirely by our club trainers.

Program Outline (high-level):

- **Week 1** → Networking, OSI, Web Security, Pen-testing Basics
- **Week 2** → SOC tools, Threat Hunting, Malware & Email analysis, Final CTF

To make it self-sustaining, the participation fee is proposed as ₹299 for Cyber Security Club members and ₹599 for non-members, requiring no financial support from the department.

Expected Outcomes:

- Students gain practical portfolio projects and hands-on tool exposure
- Builds cybersecurity culture in Atria and prepares students for internships/placements

We assure responsible execution and complete reporting post-program. Kindly grant us permission to proceed.

Warm regards,

Prajwal DM | Yuvraj M | Neha K
